Did you know.....

- 1) One child will use 6000 disposable diapers from birth to potty training which equals one tonne of garbage . Using washable diapers will reduce the quantity of waste sent to landfill.
- 2) Disposable diapers take years to decompose.
- 3) Thousands of trees per year are cut down in Canada to make disposable diapers.
- 4) Disposable diapers use more water for production than for washables. This water is disposed of and contains chemical pollutants.
- 5) Savings of approximately \$1500.00 per child.

Eligibility (see detailed criteria available at municipal office)

- 1) From January 1, 2012, must have a child of less than 6 months old or be pregnant.
- 2) Be a resident of The Nation Municipality.
- 3) Use washable diapers from birth to potty training.
- 4) Sign up before December 31, 2012.
